Re: Notice of Inclusion of Territory within Newton County Regional
Water & Sewer District ("District")

Lynne:

Attached please find the application ("Application") from the Jasper County Commissioners ("Commissioners") and Board of Trustees for the Jasper County Regional Water and Sewer District. The Commissioners are an eligible entity whose territory is not currently within the District. In the Application, the Commissioners and Jasper County Regional Water and Sewer District request that the Board of Trustees ("Board") for the District include within the District's service territory a specific 29.270 area parcel. After determining that the Application was consistent with Indiana Code § 13-26-8-1, the Board unanimously approved the Application at its February 10, 2014 meeting.

Pursuant to Indiana Code § 13-26-8-2, the area identified in the Application is now part of and within the District. The purpose of this letter is to notify the Indiana Department of Environmental Management that the area identified in the Application is now included within the District.

Please let me know if you need additional information or if you have any questions, comments, or concerns.

Sincerely,

J. Christopher Janak

Re: Application for Inclusion of Certain Property Within Territory of
Newton County Regional Water & Sewer District ("District")

Dear District:

We are writing on behalf of the Jasper County Commissioners ("Commissioners") and the Board of Trustees for the Jasper County Regional Water and Sewer District ("Board") requesting that the District approve for inclusion within its territory approximately twenty-nine (29) acres located in Jasper County, Indiana ("Jasper Property"). The Jasper Property is in Union Township in Jasper County, immediately adjacent to the Newton County-Jasper County line. The boundaries of the Jasper Property may be described more particularly as follows:

Commencing at the southwest corner of said Section 18; thence north 00°05'04" East, along the west line of said Section 18, a distance of 720.78 Feet, to a mag nail with Sayers I.D. tag at the point of beginning;

Thence continuing north 00°05'04" east, along the west line of said Section 18, a distance of 1500.00 feet, to a mag nail with Sayers I.D. tag; thence south 89°54'56" east, perpendicular to the west line of said Section 18, a distance of 850.00 feet, to 5/8's-Inch iron bar with Sayers I.D. cap; thence south 00°05'04" west, parallel with the west line of said Section 18, a distance of 1500.00 feet, to a 5/8's-Inch Iron Bar with Sayers I.D. cap; thence north 89°54'56" west, perpendicular to the west line of said Section 18, a distance of 850.00 feet, to the point of beginning;

Containing 29.270 acres, more or less, all in Union Township, Jasper County, Indiana.

The Jasper Property contains a business owned by Legacy Farms, LLC that is commonly known as "Pig Adventure". This business desires service from the facilities anticipated to be owned and operated by the District. By including the Jasper Property within the District's territory, the Commissioners and Board believe the public health, safety, convenience, and welfare will best be served. The Commissioners and Board also believe that the inclusion of the Jasper Property within the District is both practicable and feasible.

Newton County Regional Water & Sewer District

On behalf of the Jasper County Commissioners, I want to thank you for your prompt consideration of this application. If you should have any questions regarding this matter, please do not hesitate to contact either of us.

Respectfully,

Board of Trustees for the Jasper County
Regional Water & Sewer District
